## ***The APTA Consulting Service — Your Link to the Expertise You Need to Succeed***

APTA's Consulting Service links members with qualified consultants who can provide personalized guidance at competitive rates. The Consulting Service offers members access to two consultant networks — the Practice Management Consultant Network and the Education Consultant Network. If you are ready to invest in the services of a consultant to help you address the questions and challenges you face in your practice setting or education program, this benefit of belonging is for you!

**The Practice Management Consultant Network** comprises expert member consultants in content areas including but not limited to: clinical program development/practice expansion, documentation, human resources (including management training and team development), marketing, reimbursement (including coding, billing, and collections), and starting or retooling a practice.

**The Education Consultant Network** comprises expert member consultants in content areas including but not limited to: clinical education program development, curriculum design/development, education assessment, faculty development, residency/fellowship education, and transition to DPT.

To find out more, please phone us at 800/999-2782, ext. 3146 or visit our Web site at [www.apta.org/memberservices](http://www.apta.org/memberservices) and select Consulting Service under the Consulting/Mentoring heading.
